

Health and Safety Policy.

Portarlinton Lawn Tennis club will endeavour to maintain, in so far as is financially and practicably possible, a Healthy and Safe environment for all users of its premises. The Tennis Club belongs to the members and all members and users enter at their own risk.

All weather courts are not always suitable for use, depending on age and physical capabilities of the user. To enter is the user's own choice and they make the decision to so at their own risk.

The condition of the courts is not monitored daily and can at any time have areas that are slippery, both on and off the playing area. This is most likely during or following wet or winter weather conditions. At all times users must be safety aware and behave in a safe and responsible manner.
